

Number of People with Preexisting Conditions, by State

People with Specific Health Conditions, by State

State	Number of adults under 50 with anxiety, depression, or other mental health conditions	Proportion of adults under 50 with anxiety, depression, or other mental health conditions	Number of cancer survivors under age 60, including adults and children	Number of newborn babies with low birthweight, 2016	Proportion of newborn babies who have low birthweight
National	28,154,000	more than 1 out of 5	4,057,000	321,839	one out of 12
Alabama	444,000	more than 1 out of 5	58,000	6,096	one out of 10
Alaska	71,000	more than 1 out of 5	9,000	661	one out of 17
Arizona	578,000	more than 1 out of 5	91,000	6,177	one out of 14
Arkansas	278,000	more than 1 out of 5	34,000	3,361	one out of 11
California	3,617,000	more than 1 out of 5	465,000	33,476	one out of 15
Colorado	468,000	1 out of 5	56,000	5,961	one out of 11
Connecticut	284,000	nearly 1 out of 5	57,000	2,813	one out of 13
Delaware	82,000	more than 1 out of 5	13,000	982	one out of 11
District of Columbia	77,000	more than 1 out of 5	5,000	998	one out of 10
Florida	1,478,000	more than one out of 6	329,000	19,589	more than one out of 12
Georgia	931,000	more than one out of 5	111,000	12,704	one out of 10
Hawaii	118,000	nearly 1 out of 5	20,000	1,537	one out of 12
Idaho	155,000	nearly 1 out of 4	19,000	1,563	one out of 14
Illinois	1,030,000	nearly 1 out of 5	158,000	12,987	one out of 12
Indiana	626,000	more than 1 out of 5	71,000	6,802	one out of 12
Iowa	247,000	1 out of 5	44,000	2,661	one out of 15
Kansas	240,000	1 out of 5	37,000	2,645	one out of 14
Kentucky	410,000	more than one out of 5	61,000	5,042	one out of 11
Louisiana	439,000	more than one out of 5	56,000	6,720	one out of 9
Maine	124,000	nearly 1 out of 4	21,000	897	one out of 14
Maryland	488,000	nearly 1 out of 5	67,000	6,248	one out of 12
Massachusetts	630,000	more than 1 out of 5	104,000	5,330	one out of 13
Michigan	896,000	more than 1 out of 5	135,000	9,654	one out of 12
Minnesota	474,000	more than 1 out of 5	72,000	4,570	one out of 15
Mississippi	273,000	more than 1 out of 5	32,000	4,345	one out of 9
Missouri	539,000	more than 1 out of 5	71,000	6,473	one out of 11
Montana	87,000	more than 1 out of 5	14,000	966	one out of 13
Nebraska	155,000	1 out of 5	26,000	1,869	one out of 14
Nevada	252,000	more than 1 out of 5	31,000	3,065	one out of 12
New Hampshire	125,000	nearly 1 out of 4	19,000	789	one out of 16
New Jersey	673,000	nearly 1 out of 5	131,000	8,272	one out of 12
New Mexico	189,000	more than 1 out of 5	26,000	2,227	one out of 11
New York	1,782,000	1 out of 5	268,000	18,573	one out of 13
North Carolina	881,000	more than 1 out of 5	112,000	11,127	one out of 11
North Dakota	59,000	nearly 1 out of 5	9,000	752	one out of 15
Ohio	1,072,000	nearly 1 out of 4	137,000	11,981	one out of 11
Oklahoma	374,000	nearly 1 out of 4	50,000	4,110	one out of 13
Oregon	425,000	more than 1 out of 4	50,000	2,974	one out of 15
Pennsylvania	1,048,000	1 out of 5	179,000	11,331	one out of 12
Rhode Island	108,000	nearly 1 out of 4	16,000	858	one out of 12
South Carolina	401,000	1 out of 5	65,000	5,488	one out of 10
South Dakota	64,000	nearly 1 out of 5	10,000	830	one out of 15
Tennessee	630,000	nearly 1 out of 4	77,000	7,431	one out of 11
Texas	2,311,000	nearly 1 out of 5	286,000	33,445	one out of 12
Utah	317,000	nearly 1 out of 4	30,000	3,622	one out of 14
Vermont	57,000	more than 1 out of 5	8,000	394	one out of 14
Virginia	740,000	1 out of 5	98,000	8,263	one out of 12
Washington	683,000	more than 1 out of 5	92,000	5,792	one out of 15
West Virginia	181,000	nearly 1 out of 4	26,000	1,835	one out of 10
Wisconsin	486,000	1 out of 5	74,000	4,925	one out of 14
Wyoming	53,000	more than 1 out of 5	8,000	628	one out of 12

Sources

Families USA calculations, based on data from the Substance Abuse and Mental Health Services Administration (SAMHSA).

Center for Behavioral Health Statistics and Quality and its National Survey on Drug Use and Health, 2012 to 2014, and on data from the American Community Survey, 2012-2014. SAMHSA total numbers of adults with any mental illness (AMI) for each state were adjusted to reflect (1) the national proportion of adults with AMI under age 50, and (2) the difference between the proportion of adults in each state under age 50 and the proportion of U.S. adults under age 50, as shown by the 2012-2014 American Community Survey, with population totals averaged for those years.

Families USA calculations, based on data from American Cancer Society, Cancer Treatment and Survivorship Facts and Figures 2016-2017 and on data from the American Community Survey. American Cancer Society total numbers of survivors for each state were adjusted to reflect (1) the national proportion of cancer survivors under age 60, and (2) the difference between the proportion of state residents under age 60, as shown by the 2016 American Community Survey.
