

The Honorable Mitch McConnell
Majority Leader
United States Senate
Washington, DC 20510

The Honorable Nancy Pelosi
Speaker of the House
United States House of Representatives
Washington, DC 20515

The Honorable Chuck Schumer
Minority Leader
United States Senate
Washington, DC 20510

The Honorable Kevin McCarthy
Minority Leader
United States House of Representatives
Washington, DC 20515

March 23, 2020

Dear Speaker Pelosi and Leaders McConnell, McCarthy, and Schumer:

As Congress takes action today to finalize “Phase 3” legislation **responding to the novel coronavirus (COVID-19)**, the undersigned organizations, who are dedicated to protecting the health of children, families, and the most vulnerable in our nation, **strongly urge Congress to move legislation forward that includes least \$150 billion in direct aid to states for fiscal relief as they deploy their resources to address critical health needs and absorb the related economic crisis.**

The United States is facing a public health emergency greater than any we have seen in several generations. Moreover, the virus and the necessary social distancing measures made necessary to cope with its spread are already having profound impacts on the economy. Many experts warn our country may experience a deep recession. Additional state fiscal relief funding is critically needed to address public health demands, give states financial resources to cover COVID-19 related needs, and help states absorb the economic impact of this crisis, including preventing major state budget cuts and massive layoffs in state and local government at the worst possible time.

We also urge Congress to act swiftly and in the near-future to enact an additional, emergency increase of 12 percent to Federal Medicaid matching funds. These dollars would provide essential support to states as health care services are sought by the tens-of-millions of children, parents, people with disabilities and seniors that rely on Medicaid for health care services.

Our requests are on behalf of the people of this nation and are not rooted in political ideology. That is why these urgent recommendations also were **proposed and supported by the [nation’s Governors](#) on a bi-partisan basis.**

Congress must take immediate action. Public health experts both within and outside of the federal government warn that the virus outbreak is likely to substantially worsen in the coming days and weeks. The downstream economic effects are only beginning to be felt. **We implore Congress to act swiftly to address these priorities.**

Sincerely,

[Families USA is currently gathering hundreds of signatures and will update this list on an ongoing basis. Newest groups at end of document. Last updated 3/24/20 4:30pm]
